SA-2800 Water based sealing adhesive

PROPERTIES coat machine SA-2804 50±1% Milky white liquid Paster type SA-2805A 55±1% Milky white liquid High speed roller coat machine SA-2805B 55±1% Milky white liquid High speed roller coat machine SA-2805B 55±1% Milky white liquid High speed roller coat machine APPLICATION UV product with paper bonding, BOPP or PET with paper bonding, paper with paper bonding PET with paper bonding STORAGE Available in 200 kg/ barrel or 1000 kg/ barrel (IBC) Store products in tightly closed original containers at 5-35°C AND Shelf life: 6-9 months from delivery date Store products	DESCRIPTION	SA-2800 Series Water based sealing adhesive is eco-friendly, benzene free, very low VOC. It can be used for different packing.				
 Low VOC and benzene free Suitable for different packing Can be used by machine or worker brushing Anti-aging and anti-high and low temperature Strong wet sticky, suitable for high speed, middle speed or low speed bonding technology.
